Professional Experience

NEW YORK TIMES, NYC, 2005 – present

Freelance Design

Designed maps and graphic elements for Travel, Escapes, Foreign, National and Metro sections of the newspaper, as well as for Web, interactive and video projects. Responsible for researching content, editing, and illustrating deadline sensitive projects.

LEARNINGWORLDS, NYC, 2001 – 2007

Freelance Design

Designed PowerPoint presentations and information graphics for corporate clients. Additional responsibilities included the development of Flash and PPT animations, photo research and illustration. Major clients included SAP and Epson.

DECISIONQUEST, NYC, 2001– 2003

Freelance Design/production

Designed and produced courtroom graphics for major pharmaceutical and tech companies. Projects included PowerPoint presentations, Flash animations and large scale illustrated charts and graphs.

MAY & WATKINS, LLC, NYC, 2001

Freelance Exhibition Design/production

Was involved in all aspects of the production and design of interactive exhibits for public institutions and museums. Responsibilities included computer generated graphics, map and information design, as well as the construction and painting of exhibition displays.

GRAPHIC CHART & MAP CO., INC., NYC, 1987–2000

Illustrator and Map Designer

Member of a small team of artists and designers producing maps, graphics and illustrations for major real estate investment corporations, as well as books, and magazines. Designed and illustrated a series of 3-D map posters of major US cities that became the foundation of a new product line and offshoot company, mapPoster.com.

Career Summary

Graphic designer, illustrator and artist with twenty years of computer graphics experience. Print and Web designer with good technical skills, cross-platform capabilities and an ability to quickly assimilate new software. Well organized, detail oriented and able to produce under pressure. A good team player with excellent communication skills and a proven ability to develop and carry out long term projects independently.
